

DAIRY DOCTORS

VETERINARY SERVICES

Jeffrey L. Bleck, DVM • Christopher D. Booth, DVM • Kent R. Bindl, DVM
John S. Easley, DVM • Eric J. Rooker, DVM • K. James McGowan, DVM

Practice Specialties:

Growing five-doctor practice near beautiful Lake Michigan in northeast Wisconsin is seeking to add a member to our veterinary team. We offer regular herd checks via ultrasound, records' analysis, embryo transfer, complete milk quality workup, as well as a high level of individual cow-side medicine. Each doctor practices as an individual, but we share a common practice philosophy and teamwork approach that provides our clients with consistent and high quality services.

Practice Philosophy:

We pride ourselves in our efforts to anticipate, adapt to, and meet the exciting changes that are present in today's dairy industry. We also strongly value a work schedule that enables us to spend time with our families and enjoy various hobbies. Our clients are top-notch, passionate dairy producers ranging from registered breeders selling genetics around the world to progressive commercial dairymen with growing businesses.

Responsibilities:

We are looking for an associate who shares our commitment in establishing and maintaining strong working relationships with our clients and helping them achieve success for their businesses. Responsibilities would include taking over established herd health programs, ambulatory work, and equally shared emergency duties.

Demographics: Plymouth, Wisconsin Population: 8,200

Our practice is located in the heart of the northern Kettle Moraine State Forest in Plymouth, Wisconsin only 10 minutes from Sheboygan (Pop. 60,000) and Lake Michigan. An hour drive will take you to Milwaukee, Green Bay and Appleton. Our practice area encompasses a 25-30 mile radius with Plymouth in the center.

Benefits: Professional and Disability Insurance, Simple IRA, profit sharing, CE, vacation and sick days, dues paid to professional organizations.
